

115.126.45.103:8081

The diagram illustrates a network path with four nodes connected by a horizontal line. The first node on the left is a large pink oval containing the IP address and port '115.126.45.103:8081'. The second node is a small light green circle. The third node is a small blue oval containing the text '46F6X...'. The fourth node is another small light green circle. The nodes are connected by a continuous black line.

46F6X...
