

A horizontal network diagram showing a sequence of nodes connected by a line. The first node is a large gray oval containing the text 'PROXY-91.226.122.191'. This is followed by a small light green circle. Then, after a gap, is a blue oval containing the text '4BrL5...'. This is followed by another small light green circle. A single horizontal line connects all these nodes in sequence.

PROXY-91.226.122.191

4BrL5...
