

114.115.140.104

The diagram illustrates a network connection. On the left, a large pink oval contains the IP address '114.115.140.104'. A horizontal line connects this oval to a small green circle in the center. From the green circle, another horizontal line extends to the right, ending at a blue oval that contains the text 'Windo...'. This likely represents a connection from a specific IP address to a web browser window.

Windo...
